

Generosa Barbera. Bevendola ci pare d'esser soli in maresfidanti una bufera (G. Carducci)

*If the Vini dei Molini brand was created to pay homage to the wine culture of Imola, the search to identify the inaugural wine of the new line certainly could not fail to be directed towards one of the main cornerstones of the oenological tradition of this territory. Substantial, full-bodied and true: Barbera is certainly one of the vines most closely linked to popular culture.*

**DENOMINAZIONE Denomination**

Barbera Rubicone I.G.P.

**UVAGGIO Grapes**

100% Barbera

**FERMENTAZIONE Fermentation**

Fermentazione a cappello sommerso per 20 giorni con numerosi rimontaggi.

*20-days long submerged cap fermentation with several pump-over into the lap.*

**AFFINAMENTO Ageing Process**

Affinato in parte in tonneau e in parte in botte piccola.

*Refined partly in tonneaux and partly in small barrels*

**TITOLO ALCOLOMETRICO Alcohol by Volume**

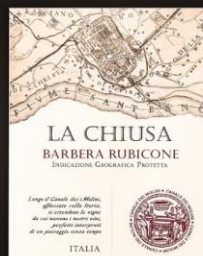

14% vol.

**RESIDUO ZUCCHERINO Sugar Residual**

10 g/lt

**TAPPO Cork**

REFERENCE (DIAM)

8,45 Kg.

**DIMENSIONI DEL PALLET - Pallet Dimensions**

base 80 x 120 cm - height 170 cm

**PESO LORDO DEL PALLET Pallet Gross Weight**

942 Kg.

**CODICE EAN BOTTIGLIA Bottle EAN Code**

8034125520220

**CODICE EAN SCATOLA Case EAN Code**

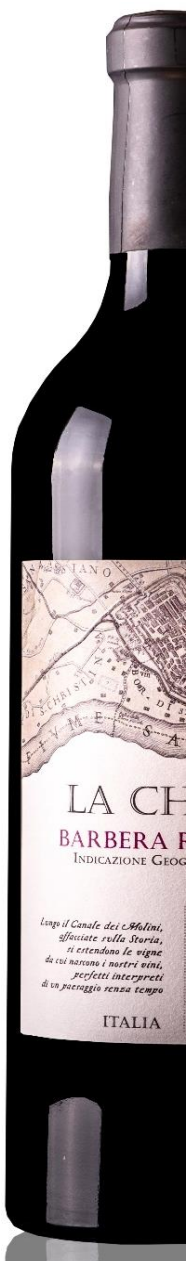

8034125520237

La Chiusa dimostra buona tannicità e freschezza, caratteristiche tipiche del vitigno che trovano qui perfetto equilibrio con un importante tenore alcolico e la morbidezza di fondo procurata dall'ottima tecnica di affinamento in tonneau: la scelta della botte grand permette infatti ai sentori terziari di emergere per completare e rifinire l'esperienza degustativa senza mai oscurare le caratteristiche aromatiche proprie dell'uva.

*La Chiusa reveals good tannins and freshness, typical characteristics of the grape which find perfect balance here with a significant alcohol content and an underlying softness obtained by the excellent technique of ageing in barrels: the choice of the large cask, and the perfect calculation of the timing for its use, in fact allows the tertiary sensations to emerge to complete and refine the tasting experience without ever obscuring the aromatic characteristics of the grapes.*
